### ELECTION NOTICE, —BY THE—

Board of County Commissioners.

General Election Tuesday, Novem-  
ber 6, 1888.

NOTICE IS HEREBY GIVEN THAT ON

Tuesday, the 6th day of November, A. D.

1888, at the several election precincts in the

county of Washoe, State of Nevada, hereinafter

named, an election will be held for the follow-  
ing State, county and township officers to-wit:

One Congressman,

Three Presidential Electors.

**NATIONAL  
Republican Ticket.**

FOR PRESIDENT,  
**BENJAMIN HARRISON**  
OF INDIANA.

FOR VICE-PRESIDENT  
**LEVI P. MORTON,**  
OF NEW YORK

The inevitable result of admitting wool free of duty would be to destroy the wool-raising industry in this country.

Such a policy would throw more than seven hundred thousand persons, now engaged in the wool-growing industry, out of employ by destroying the flocks of our farmers; greatly enhance the price of meat to buyers, which would cost consumers annually five times the amount of duty now collected on imported wool, and give the importer an opportunity to charge what he pleased for foreign wool.

Democratic officials are not disposed to talk much about Minister West's campaign letter for Cleveland, but they are terribly annoyed at the State Department. The right of the British Minister to give private advice on political subjects to an American citizen is a hard matter to defend, but the statement is defiantly made that this Administration will never ask for his recall; that would be ingratitude of the basest sort.

Without much apparent display the Committee on the Centennial Celebration of the Inauguration of George Washington has been laying out a plan and making preliminary arrangements for one of the grandest military, naval and civil displays ever seen in this country. It will be the last of the centennial celebrations, and will be held in and about the harbor of New York city on April 30th.

Senator Stewart finds that Democratic Postmasters have been opening envelopes containing his speeches and bearing his frank, and substituting Democratic campaign documents. This is a fair specimen of the way in which Mr. Cleveland's "reform" Administration is trying to accomplish the re-election which four years ago he pronounced unwise and improper.

Judge Gresham, while declining to make political speeches, because of the position he holds and the impropriety of his taking part in the contest now going on, he openly declared his hearty desire to see General Harrison elected. There is no lukewarmness in the Judge's endorsement of the Republican party and its candidates.

While speaking at Thomaston, Maine, recently, Mr. Blaine was interrupted by a Democrat with the invitation to "go to—". Mr. Blaine remarked that he had addressed audiences in almost every city and State in the Union, but that this was the first time he had ever been invited to visit Democratic headquarters.

The Mills bill, as explained by R. Q. M. and his free trade colleagues when the bill was presented to the House of Representatives, is "the issue." That is where the Republican party stands to-day. It is the "reform" party that has changed from thirty-six per cent. in July to seven per cent. in September.

Civil service reform under the present national administration, must be at its best when a high cabinet officer is sent on so important a mission as advocating the re-election of the man who appointed him to office, from the steps of the sub-treasury building in the city of New York.

It may be that some members of the Democratic party believe Grover Cleveland to be a friend of the old soldiers, but the Grand Army boys do not so understand it, and they have come to that conclusion from what he has said and written about their comrades.

General B. F. Butler's name has been dropped from the voting lists at Lowell. One of the Registrars said that he has not yet paid his taxes for 1887. It is quite possible that Butler will not be allowed to vote this year.

Blaine will make New York his headquarters until after the election, in the meantime speaking in the neighboring States.

**CONSTITUTIONAL AMENDMENTS.**

To more fully place before the voters of Washoe county the purport of the eleven proposed Constitutional Amendments to be voted for at the coming election, we give the following synopsis of each:

First is to change the time for the meeting of the Legislature from the first to the third Monday in January.

The second empowers each branch of the Legislature to expel a member for disorderly conduct.

The third empowers the Legislature to establish and regulate the compensation and fees of county and township officers, and regulate the rates of freight on railroads incorporated within the State.

The fourth relates to the compensation of members of the Legislature, and prohibits its increase during the term for which members shall have been elected.

The fifth abolished the office of Lieutenant Governor.

The sixth relates to gubernatorial succession in the event of the death or inability of the Governor from any cause to discharge the duties of the office, and makes the President of the Senate, and, in the event of his disability, the Speaker of the House, his successor, with authority to discharge the duties of the office.

The seventh relates to the impeachment of public officers.

The eighth relates to revenues for educational purposes, and prohibits the transfer of school moneys to any other fund.

The ninth authorizes a special tax for the maintenance of the State University.

The tenth makes it obligatory upon the State to provide for indigents, who by reason of age, or infirmity or misfortune, may have claims upon the sympathy and aid of society.

The eleventh provides that amendments to the Constitution may be submitted to the people at the next general election after their adoption by the Legislature.

**An Appeal to the Old Soldiers to Vote for Harrison.**

New York, Oct. 24.—The following has been issued by General Carr to the boys in blue in the Department of New York. "Once more your commander appeals to the spirit which impelled you in the campaign of 1860, 1864, 1868, 1872, 1880 and 1884. The forces which sought to destroy a Government by the people are to-day in more insidious form arrayed against our commercial supremacy. Then our Constitutional liberty was in danger; to-day our industrial life is in danger. Then it was an appeal to the ballot; to-day, thank God, it is an appeal to the ballot. We have no alternative. The President of the United States has thrown down the gauntlet of battle. We must not hesitate or falter in the contest. We must decide between that which sustains or destroys a free, enlightened and prosperous Government. The fight is to the death. Protection to American industry, protection to American citizens abroad, protection to American citizens at home, protection to every American citizen in the free enjoyment of every right and principle under the law, pensions to soldiers, who, in the dark days of 1860-65, offered their lives for the preservation of our country, as well as the dependents of those who died that the Union might live. This ought to be and will be your achievement on election day, November 6th.

"In this important National contest do not neglect great State issues. See to it that the soldier ticket—Miller, Cooger and Ramsey—receives an overwhelming majority.

"Boys in blue, you are called to a renewal of the contest. You are called to the determination of the choice of leadership. Harrison and Morton for the Union; Miller, Cooger and Ramsey for the Empire State, the representatives of sound principles and good government, our standard-bearers."

**Hall McAllister Dying.**

New York, Oct. 25.—Hall McAllister's mind has entirely given way. A prominent resident of San Francisco, who has talked with him, says his memory has entirely failed, and that there is no hope of his recovery. The most strenuous efforts have been made to keep the nature of his illness a secret, but it is unquestionably paralysis of the brain, and his medical advisers say that his death may ensue at any moment. He is staying at the Newlands residence Gramercy Park.

**Wants to Double His Title.**

Michael Cavanaugh, an aged Irish-American employed in the Pittsburg Mill, Minneapolis, lately came into possession of \$10,000 from the estate of a relative, after fighting for it in the Courts of New York. To-day Cavanaugh announced that after much pondering as to the best way to double his capital, he had come to the conclusion to bet his \$10,000 that Harrison will be elected President of the United States.

**Stamboul Beats His Record.**

SAN FRANCISCO, October 24th.—L. J. Rose's stallion Stamboul, the winner of the National stallion stakes, trotted a mile to-day to beat his record of 2:15. He succeeded, in spite of a strong wind and an unfortunate break he made on the third quarter, in trotting the mile in 2:14 1/4. Two watches made the time 2:14 1/4, but the slowest time was taken to avoid all questions about the record.

**STANFORD'S HOPE.**

It is that California May Vote for Harrison and Morton.

The following dispatch was received in Sacramento Wednesday:

New York, October 24, 1888.—The welfare of the country is largely involved in the coming election. The Restriction Act protects our citizens against the competition of the Chinamen in our own territory, but of what avail is that if their manufactures can be imported without restraint? I know personally our candidates well. They are men of the best character in private and public life, clear-headed, and able in administrative capacity. If they are elected there will be no disappointment. I hope I may be proud in the wisdom of our State by the majority it will record in favor of Harrison and Morton.

LELAND STANFORD.

**THE OUTLOOK.**

Ex-Minister Kasson's Opinion Regarding New York State.

CHICAGO, Oct. 24th.—John A. Kasson, formerly United States Senator from Iowa, and Minister to Brazil, arrived here last evening on his way home from campaigning in New York, Connecticut and New Jersey. He tried earnestly, he said, while in New York, to find out the real facts of the political situation, and the results satisfied him that the Republicans will carry the State by a majority that cannot be overcome without great frauds. The change to the Republican party amounted to revolution among the laboring people and the manufacturers.

Why should the woolen manufacturer have his goods protected by a high tariff, and the wool-grower have his product subject to free trade? If it is for the interest of the wage-worker to have free wool, it certainly would be quite as much to their advantage to have free woollens. But protection on both wool and woollens is what the laboring man wants, if he would have high wages and purchase what he buys at fair prices.

**Unnecessary and Irrelevant.**

Pittsburg Dispatch: About two weeks ago Judge Thurman declared that writing a letter of acceptance on his part was "an unnecessary performance." Subsequent events have shown that the old Judge was right.

**Perhaps it is Worth More.**

Baltimore American: Now is the time when the officeholder pays a \$50 political assessment and drops a solitary penny on the contribution plate. He thinks more of his position than he does of his soul.

**The Independent Long Bow.**

Hartford Courant: The extent of the misrepresentations that the Democratic papers are making would seem impossible to surpass; but the virtuous mug-wump and "independent" papers do lie over them.

**Grand Army Condurium.**

What is the difference between P. T. Barnum and Grover Cleveland? Barnum has a first-class show—Cleveland has no show at all.

**Syrup of Figs**

Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the System when Bilious or Constive; to disperse Headaches, Cold and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Sold by Wm. Pinniger.

A HORTICULTURAL CENTER.

Sacramento's Claims in that Direction Enterprisingly Pushed.

The Sacramento Bee says:

The Bell Conservatory, which for years has been recognized as almost a public institution in Sacramento, has just been sold by the former owner, Mrs. E. B. Crocker, to M. J. Dillman, who for four years has been the manager of the property, and to whose judgment and enterprise is due the steady growth of the business in that time. Under his management there have been added 10,000 square feet of glass, the nurseries have been greatly extended; and from a purely local patronage the Conservatory has developed an outside trade that covers the northern part of California, Oregon, Nevada and Utah. It has, in fact, made a horticultural center for the territory named. The Conservatory and nurseries occupy two and a quarter blocks at the corner of Tenth and Y streets in this city, and in addition, a twenty-acre tract outside the municipal boundaries. The glass houses cover a total area of 22,000 square feet, and, for size and architectural beauty, are, perhaps, not equalled by any institution west of Chicago. These houses cost not less than \$20,000. The latest improvements for propagating purposes are used, and constant employment furnished for from eight to twenty men. The conservatories and nurseries are always open to the public, and Eastern tourists can gain some valuable and interesting information regarding the flora of California by visiting them. The success which has been attained by Mr. Dillman in the Bell Conservatory would indicate that Sacramento, with its advantages of climate, soil and location will soon become a horticultural center for the entire coast.

PARROT-TREY.—Society circles may well be excited over the announcement of the marriage of Miss Theresa F. Tully, of Carson, to Tibereio Parrot, the son of the San Francisco banker.

The groom is a lucky individual, for Miss Theresa is one of Nevada's very best and most highly accomplished daughters, and worthy to be the wife of the noblest man in the country. To her and her husband and to Uncle George the JOURNAL extends its congratulations.

"My Wife is a Terror!"

Said a mild-tempered man in our hearing. "She snaps and snarls, spans her children, and finds fault continually. I can't bear it any longer." Don't be so severe on her, my friend; you little realize her sufferings. She has lost her former sweet disposition, and all health is the cause. Dr. Pierce's Favorite Prescription will make her well. For female diseases, functional derangements, bearing-down pains, and the long list of ills that render women miserable, no medicine can compare with this. It is the only medicine for woman's peculiar weaknesses and ailments, sold by druggists, under a positive guarantee from the manufacturers, to give satisfaction in every case, or money refunded. See guarantee printed on bottle wrapper.

For all derangements of the stomach, liver and bowels, take Dr. Pierce's Peppermint, or Anti-bilious Granules.

A BIG CONTRACT.—Manning & Jaques

have been awarded the contract for all the plumbing, gas-fitting and roofing on the U. S. Government building at Carson. It could not have been given to any better firm in the State. They know their business and will do the work in No. 1 style.

SPEAKING TO-NIGHT.—Dr. Patterson and Hon. Geo. W. Baker will speak at the Opera House this evening. These gentlemen are ready talkers and all who attend will be well pleased.

The Campaign in New York.

The battle-ground is in New York State, where the Democrats are daily becoming desperate. The loss of that State to Cleveland insures his defeat, while the Republicans would have a fair chance to elect Harrison even if New York and New Jersey went Democratic.

In this condition of affairs the New York Herald and other Democratic journals are alarmed at the increasing signs of demoralization in the Democratic ranks and the constant desertion of prominent men to the Harrison standard.

One of the most important recent accessions to the Republican party is Frederick S. Barnum, of Putnam county. Mr. Barnum has been the leading Democratic lawyer in that county and comes from a prominent Democratic lineage. He was appointed by Governor Grover Cleveland District Attorney of the county to fill a vacancy in 1884, and he has repeatedly stamped the county for the Democratic party, but the Free Trade tendencies of Cleveland and his followers were too much for him, as he has always been a firm believer in Protection for American industries, and he has taken the stump for Harrison and Morton, and will aid in giving a majority of 800 in the county for the Republican ticket.

Worthy of Their Steel.

Cincinnati Times-Star: The Democratic campaign editors have at last found their natural level. They have abandoned the tariff, civil service reform, and all other campaign issues, and are concentrating their intellects on Anna Dickinson's bustle.

Democratic Economy Illustrated.

Minneapolis Tribune: Mr. Cleveland's Administration has cost the country \$100,000,000 more than the last Republican Administration, and yet Democratic speakers presume to talk about Republican extravagance and Democratic economy!

T. B. Barry, late a member of the General Executive Board of the Knights of Labor, where he has been associated with T. V. Powderly since the order was first organized, has determined to enter the campaign in the interest of the workmen of America, and will accordingly advocate the continuance of the protective system.

A Luxury and Necessity

For rich and poor who wish to enjoy good health, and who do not wish to resort to bitter, nauseous liver medicines and cathartics, is the concentrated California liquid fruit remedy, Syrup of figs. Sold by Wm. Finuiger, Reno.

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21—aw 7-1 v

### PLATFORM AND RESOLUTIONS.

The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.

**Resolved,** That the question of a sufficient supply of a circulating medium at the pleasure of the manipulators of the national bank, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people, oppressive, unjust, and should be repudiated.

**Resolved,** That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded.

**Resolved,** That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrage upon the people, and the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demonstrated silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people.

**Resolved,** That we charge that President Cleveland is the willing tool or agent of a powerful money ring which fattens the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, and uses them with out the payment of interest, contracts the currency to reduce the value of bonds, and enriches the money while it depresses the price of labor and property.

**Resolved,** That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand a candid election, in which the people shall elect the man of the country—the poor as well as the rich.

**Resolved,** That the trickery of the President and his advisers in the case of the silver purchase amendment to the Bond purchasing bill, equals the villainy of the secret and fraudulent demonetization of silver in 1873.

**Resolved,** That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the wage workers competition with the cheap labor of other lands.

**Resolved,** That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress and not by the President or the money trust, of which he, either as agent or head, is most active in defending.

**Resolved,** That we charge President Cleveland with violating every promise he made in favor of silver, and with carrying on a policy of services with a view to a final liquidation of the silver currency, and with carrying on a policy of fraud, with tempting to destroy the protection of the gold currency, and with carrying on a policy of fraud, with tempting to destroy the protection of the gold currency, and with carrying on a policy of fraud, with tempting to destroy the protection of the gold currency.

We are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcrowded condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.

We demand in behalf of our various industries the retention of the duties on lead, borax, soda, hides and leather, and to restore the tariff of 1867 on wool.

**Resolved,** That we recognize the right of labor to organize for its lawful protection.

**Resolved,** That we favor the submission by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic.

We favor liberal appropriations by Congress for hydrographic and topographical surveys in this State to the end that the water waste may be preserved for the purpose of irrigation.

We endorse the wise and conservative administration of Governor C. O. Sisson, and we heartily commend the able efforts of Senator Stewart and Justice and Representative Woodburn in behalf of the interests of the people of this State.

We favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements.

We favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers and their widows and orphans, the improvement of rivers and harbors, the building of defenses for our sea coast, the creation of public buildings, the creation of a navy, the purchase of bonds and the repeal of the internal revenue laws taxing tobacco.

It is the duty of the State to maintain free and settled districts as well as in towns and thickly settled sections, and that such a division of the school money should be made as will turn the means of education to all children in the State.

We are in favor of reopening the Carson Mint for coinage, and raising the wages of the employees to the standard paid by the last Republican Administration.

We demand the restoration of the mail service to the people of Nevada, and favor the payment of fair wages to all postal employees.

## PLATFORM

The Republicans of Washoe, proud of the past and hopeful for the future, heartily endorse the platform and nominees of the National Republican Convention as adopted at Chicago, and the Republican State Convention at Winnemucca, and pledge a strong majority for Harrison and Morton and Protection, and Murphy and Bartine and the ticket nominated by this Convention. We demand legislation from both Government and State in order to bring about the improvement of our natural water ways, as well as for the storage of water, whereby the natural advantages of this section can be improved to their fullest extent. We demand the most rigid economy in State and county affairs, and the establishment of the State's expenses upon such a basis as will secure good government at the lowest rate of taxation. We are in favor of a rate of seventy cents should be and is sufficient to provide revenue for the State Government.

In view of the rejection of the new Chinese treaty by the Mongolian Government we demand the total and absolute exclusion of all Chinese, and they must go.

### THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. ## TO THE CITIZENS OF RENO.

HAVING PURCHASED THE RENO GAS Works, and with a view of increasing the consumption of gas the company respectfully gives notice that they are prepared to introduce gas, put in pipe and fixtures, in stores, dwellings, etc. and at prices to cover cost only.

The company will also put on new pipes and burners for customers whenever requested, free of cost.

Persons wishing gas will please leave their orders at the gas works, as no one is permitted to introduce gas into premises from the street main or set meters but the gas company.

We also state that gas is not being manufactured in Reno as an industry to any other light, therefore no reasonable person will expect a meter to be left with him standing idle while he is consuming other light.

With a constant supply of good gas at low rates the company hopes to merit and receive a liberal patronage from the people of Reno.
